RESOLUTION NO. \_\_\_\_\_

RESOLUTION URGING THE UNITED STATES CONGRESS  
TO AMEND THE UNIFORM TIME ACT AND MAKE  
DAYLIGHT SAVINGS TIME PERMANENT

**WHEREAS**, Daylight Savings Time was first adopted by areas within the United States during World War I and World War II to help preserve fuel for the nation's war effort; and

**WHEREAS**, in 1966, the United States Congress passed the Uniform Time Act, 15 U.S.C. 260a(a), to standardize the implementation and length of Daylight Savings Time across the country; and

**WHEREAS**, in 2005, Congress passed the Energy Policy Act of 2005 (Pub. L. 109-58) which amended the Uniform Time Act and extended Daylight Savings Time so that it now ran four weeks longer (i.e., from the second Sunday of March to the first Sunday of November rather than from the first Sunday of April to the last Sunday of October); and

**WHEREAS**, as a result, the United States already spends approximately eight months of the year in Daylight Savings Time; and

**WHEREAS**, there is considerable evidence showing that making Daylight Savings Time permanent would provide numerous benefits; and

**WHEREAS**, the Energy Policy Act of 2005 also required the United States Department of Energy to evaluate the impact of extending Daylight Savings Time on energy consumption in the United States; and

**WHEREAS**, the Department of Energy's report found that there was a net savings in total electricity use and energy consumption as a result of extending Daylight Savings Time; and

**WHEREAS**, a study from researchers at the Brookings Institution and Cornell University ("Brookings/Cornell study") that analyzed the impact of extending Daylight Savings Time found that the additional three weeks of Daylight Savings Time in the Spring resulted in more daylight during typical high-crime hours and, in 2007 alone, produced a net reduction of crime including an average 7 percent reduction in robbery rates; and

**WHEREAS**, the reduction in crime during the three weeks examined in the Brookings/Cornell study amounted to an estimated savings to the country of \$246 million; and

**WHEREAS**, the Brookings/Cornell study concluded that the possible reduction in crime produced by a year-round expansion of Daylight Savings Time could yield social savings of several billion dollars annually; and

**WHEREAS**, other studies have found that a year-long Daylight Savings Time could also result in an increase in daily exercise by children and a reduction in traffic-related deaths, especially for pedestrians; and

**WHEREAS**, this Board believes that it would be in the public interest to create the potential for even further reductions in energy consumption, crime, and traffic-related deaths by making Daylight Savings Time permanent,

**NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA**, that this Board:

**Section 1.** Urges the United States Congress to amend the Uniform Time Act and make Daylight Savings Time permanent.

**Section 2.** Directs the Clerk of the Board to transmit certified copies of this resolution to the members of the Florida Congressional Delegation.

**Section 3.** Directs the County's federal lobbyists to advocate for the issues identified in Section 1 above, and authorizes and directs the Office of Intergovernmental Affairs to include this item in the 2016 federal legislative package when it is presented to the Board.
